OBJECTIVE

Enthusiastic Full Stack Developer with hands-on experience in front-end and back-end technologies like React, Node.js, Express.js, and MongoDB. Eager to apply my skills to real-world projects and collaborate with a dynamic team. Committed to continuous learning and delivering high-quality web solutions.

EDUCATION

BE in Computer Science JSPM's Jayawantrao Sawant College of Engineering - Aggregate Percentage: 80.11%	09/2021 – 05/2025 Pune, India
HSC Raosaheb Anna Kitturkar Jr. College, Gadhinglaj - Percentage: 76.15%	2020 Kolhapur
SSC New English School Hebbal-Jaldyal - Percentage: 91.20%	2018 Kolhapur

SKILLS

Technical Skills and Tools — HTML, CSS, JavaScript, React JS, Node JS, Express JS, Java, Data Structures and Algorithms (DSA), Object-Oriented Programming (OOP), DBMS, MySQL, MongoDB, Git/GitHub, Visual Studio Code.

CERTIFICATES

- The Complete 2024 Web Development Bootcamp - Udemy
- Java & Data Structures and Algorithms - Apna College

PROJECTS

Food Court Online Food Delivery Website

Github 📁 Online 📁

- Tech Stack: MongoDB, Express.js, React.js, Node.js (MERN Stack)
- Developed a full-stack online food ordering system enabling users to browse the menu, place orders, and track deliveries, and admin panel for managing orders..
- Implemented a dynamic shopping cart and order management system with real-time updates.
- Integrated user authentication and authorization using JWT for secure login and registration.
- Utilized MongoDB for storing user profiles, food items, and order details; optimized queries for fast data retrieval.

E-commerce Clothing Store Website

Designed and implemented a user-friendly interface for an efficient shopping experience.

Github 📁 Online 📁

- Tech Stack: React.js, HTML, CSS, JavaScript
- Developed a responsive front-end for an online clothing store, featuring product browsing and filtering options.
- Implemented a dynamic shopping cart and product pages using React components.

Personal Portfolio 📁

Developed an application to display student resumes and details.

- Implemented a web page to display student skills, education, and contact details.
- Integrated JavaScript to create dynamic and interactive user experiences.
- Technologies used: HTML, CSS, JavaScript.

INTERNSHIP

Prodigy InfoTech

03/2024 – 04/2024

- Web Development Internship
- Completed two tasks: a personal portfolio and a Tic-Tac-Toe game during the internship.
- Technologies used: HTML, CSS, JavaScript

Sparklab IT Solutions Private Limited

01/2024 – 02/2024

- Web Development Intern
- Developed a flower shop website and a mobile shop website during the internship.
- Technologies used: HTML, CSS, JavaScript, Bootstrap, React.

EXTRACURRICULAR ACHIEVEMENT

- Leetcode 100 Days Badge (2024) with 150+ problems solved.
- GitHub: 670+ commits (2024) with a 110 day longest streak.
- Winner of the college PBL project competition (7th place)
